SAMPLES OF SUGAR BEETS
Were Sent to Rock Ford Yesterday Afternoon.
Secretary Smith of the Chamber of Commerce sent out letters a short time ago to sixteen beet growers in this section, asking for samples from their best patches. He wished to have the samples analyzed, in order to see what proportion of sugar they contained. Only six persons responded with samples, and these Mr. Smith sent to Rock Ford, Col., to be tested. If the beets grown in this vicinity are found to contain a sufficient amount of sugar it will in all probability mean a big beet sugar refinery for Wichita. Mr. Smith expects to hear from his samples the first of the week.

BRAIN FOOD.
Is of Little Benefit Unless It Is Digested.
Nearly everyone will admit that as a ration we eat too much meat and too little of vegetables and the grains. For business men, office men and clerks, and in fact everyone engaged in sedentary or indoor occupations, grains, milk and vegetables are much more healthful.

Only men engaged in a severe outdoor manual labor can live on a heavy meat diet and continue in health. As a general rule, meat once a day is sufficient for all classes of men, women and children, and grains, fruit and vegetables should constitute the bulk of food eaten.

But many of the most nutritious foods are difficult of digestion and it is of no use to advise brain workers to eat largely of grains and vegetables where the digestion is too weak to assimilate them properly.

It is always best to get the best results from our food that some simple and harmless digestive should be taken after meals to assist the related digestive organs, and several years experience have proven Stuart's Dyspepsia Tablets to be a very safe, pleasant and effective digestive and remedy which may be taken daily with the best results.

Stuart's Dyspepsia Tablets can hardly be called a patent medicine, as they do not act on the bowels nor any particular organ but only on the food eaten. They supply what weak stomachs lack, pepsin, chylase, and by stimulating the gastric glands increase the natural secretion of hydrochloric acid.

People who make a daily practice of taking one or two of Stuart's Dyspepsia Tablets after each meal are sure to have perfect digestion which means perfect health.

There is no danger of forming an injurious habit as the tablets contain absolutely nothing but natural digestive, chylase, mucilage and similar drugs have no place in a stomach medicine and Stuart's Dyspepsia Tablets are certainly the best known and most popular of all stomach remedies.

Ask your druggist for a fifty cent package of Stuart's Dyspepsia Tablets and after a week's use note the improvement in health, appetite and nervous energy.

MISS JAPONICA BEVERE,

OMAHA, NEBRASKA.

President of the Shakespearean Club.

605 North Eighteenth Street, OMAHA, NEBRASKA, Jan. 17, 1902.

I have used three bottles of Wine of Cardui and have derived so much benefit from it that I feel it but fair to let you know how much good your splendid medicine has really done me.

Steady application to business during the warm weather prostrated me last August so that I was unfit to keep up my duties. My head ached and I felt dizzy and weak. As my appetite failed me for some time, I was sick and faint. I had dreadful bearing down pains so that I finally had to give up. The doctor prescribed for me without benefiting me any and so one of the members of the club to which I belong advised me to try Wine of Cardui, as it had cured her of female weakness. I started to take it the next day and am glad I did, for in a few days I felt so much better that I was back at my desk. I kept up the treatment until I had taken three bottles, when I felt completely cured. I have no pains any more, my work seems like play, I have a fine appetite and restful sleep, so recommend Wine of Cardui to all suffering women.

Japonica Bevere

WOMEN have a highly sensitive organism and very steady confinement or too much bodily exertion results seriously for them because strains always center at the weakest point. The girl who stands behind a shop counter or is on her feet many hours during the day develops bearing down pains and has weak nerves. Menstrual troubles keep the business woman away from her work and make it necessary for her to lose more time than she can well afford. The busy housewife on whom the duties of life bear heavily finds life a burden on account of female weakness. Medical science has given the tired woman too little attention. Wine of Cardui has relieved the distress of thousands of "tired" women every year. The clerk, the business woman, the housewife praise Wine of Cardui for the health and strength it gives them. What woman would not do anything in her power to avoid the terrible bearing down pains, nervousness, backache and other symptoms of female weakness that make life unbearable—no matter if they are chronic. And women should know that Wine of Cardui will positively cure all uncomplicated cases of female troubles. Wine of Cardui is not untried and unknown but every suffering woman has Miss Bevere's word that it will cure her—that it is a successful remedy. Go to your druggist today and buy a dollar bottle of Wine of Cardui and you will begin feeling the benefit in a few days. Do not let any druggist sell you something else for Wine of Cardui. It was Wine of Cardui that cured Miss Bevere and made her a healthy young lady.
